GM*sprint*

Guaranteed before 10.30am delivery

Further developments in our logistics department means we now offer **GMsprint** as a complement to our existing GMprime service.

When you use our FREE GMprime service it is extremely likely you will receive an early delivery. However, we cannot guarantee that it will be before 10.30am. With **GMsprint** a contribution of only £47.50 gives you absolute peace of mind that your delivery is **guaranteed to arrive before 10.30am**.

The **GMsprint** service utilises a dedicated Greenmill vehicle, providing a much greater degree of reliability. Plus you also get live vehicle tracking and a txt notification the evening before giving you an ETA.
