

CORONAVIRUS ADVICE FOR CONSTRUCTION SITES

Do you need to be here
for this site to operate?

Wash your hands frequently
or use hand sanitiser

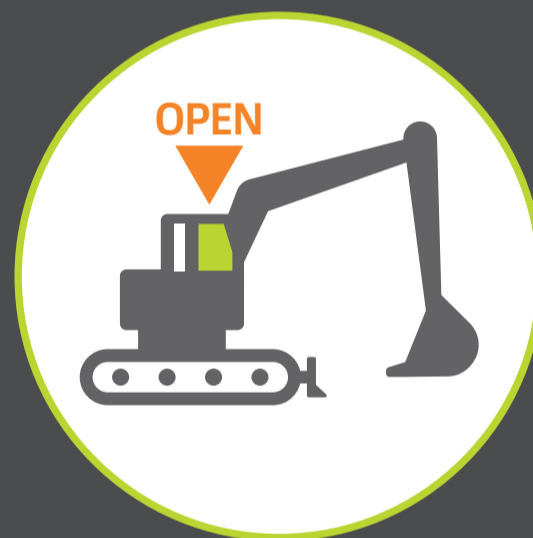

Keep 2 metres apart as
much as possible

Avoid skin-to-skin or
face-to-face contact

Stay in small teams, rather
than mixing crews

Keep windows of closed machinery
open, wash hands after use

Clean inside of cabs regularly,
especially between operators

Try to use stairs rather
than lifts or hoists

Only come to work if you
and your immediate
family are well
