Wera
BE A TOOL REBEL

REWARDS RANGE

Welcome to the new Edition 15 Greenmill Customer Rewards Catalogue.

From a simple hand saw to the latest high-tech laser level, everyone loves new toolage. Which is why our new Edition 15 Rewards Catalogue focuses on tools. Throughout the Rewards Catalogue you'll notice the new spanner "Tools" icon. Plus, we've introduced a bit of colour banding to help you spot your favourite tool brands, from tough Ox Pro to every engineer's favourite Wera kits. What will you choose?

Wera tools have quickly become one of the must-have products in our Rewards Range. Whether it's the simple Stubby Set, hugely popular VDE Screwdrivers or the 30-piece Ultimate HVAC Kit, there's high-quality Wera toolage for every engineer and budget. Let's face it, most bosses aren't going to buy you Wera kit. But Greenmill Customer Rewards gives it away for free. And don't forget all the other great gear from leading names like Tracer, Rothenberger, Knipex, TradeTidy and Makita.

Strangely, some people prefer to spend their Reward Points on things other than high-quality toolage. So in the spirit of fairness and inclusivity, the Greenmill Customer Rewards Range also includes things that aren't tools. There's tasty treats, toys and games for the kids, sports kit, homeware, personal tech, designer gifts and experiences. Of course, none of this fluffy stuff will help you install a hybrid branch controller or make you the envy of the site hut, but tools will!
