

▶ Window Brackets

Hot-dip galvanised
 For clamping 41 x 21mm channel to beams
 Designed to assist with a wide range of applications,
 involving mounting and supporting channel systems

Code	Description	Size
GMCN7	Window Bracket c/w M10 Cone Point Bolt	41mm x 21mm

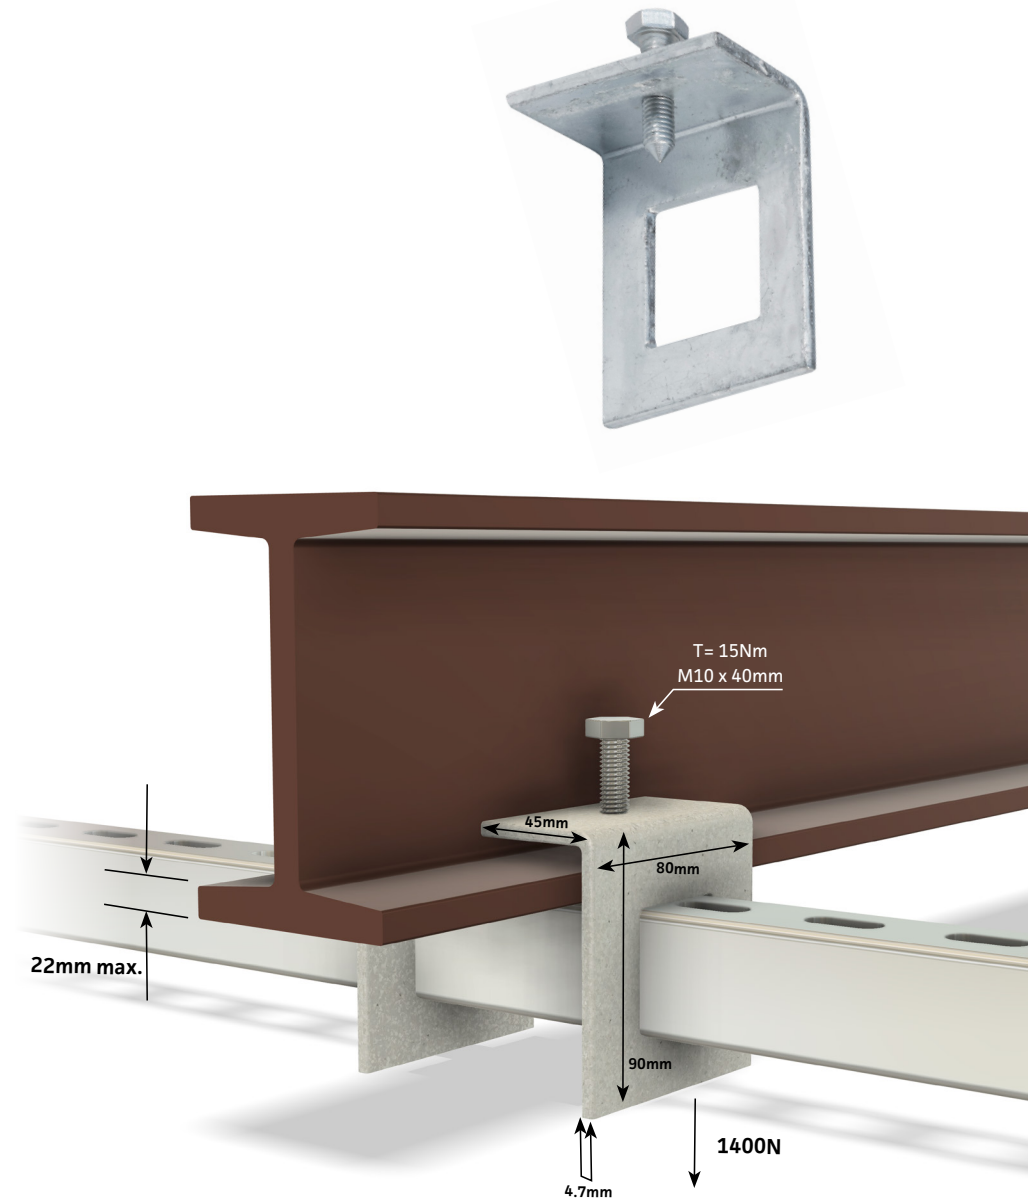

The information in this datasheet is intended for reference purposes only and may be modified at any time without prior notice or obligation. All data is provided in good faith and is accurate to the best of our knowledge at the time of release.

▶ Window Brackets

Hot-dip galvanised
 For clamping 41 x 41mm channel to beams
 Designed to assist with a wide range of applications,
 involving mounting and supporting channel systems

Code	Description	Size
GMCN6	Window Bracket c/w M10 Cone Point Bolt	41mm x 41mm

The information in this datasheet is intended for reference purposes only and may be modified at any time without prior notice or obligation. All data is provided in good faith and is accurate to the best of our knowledge at the time of release.

▶ Window Brackets

Hot-dip galvanised
 For clamping 41 x 82mm channel (41 x 41mm Back to Back) to beams
 Designed to assist with a wide range of applications, involving mounting
 and supporting channel systems

Code	Description	Size
GMCN60A	Window Bracket c/w M10 Cone Point Bolt	41mm x 82mm

The information in this datasheet is intended for reference purposes only and may be modified at any time without prior notice or obligation. All data is provided in good faith and is accurate to the best of our knowledge at the time of release.
